Increasingly the need to address climate change challenges, health disparities, and other pressing issues has led to a greater focus on interdisciplinary teamwork. At the University of Missouri System, we are committed to fostering an environment where collaboration thrives.

Recent updates:

- The eighth annual Discovery Day at the Capitol took place on April 11, featuring over 200 student and alumni presenters showcasing their research in a variety of fields.
- The new NextGen Precision Health Investigators, Henry Wan and Xiaohua Liu, were highlighted for their work in cardiovascular disease.

Upcoming events:

- April 24: Extra Credit film series
- April 25: Book Authors Celebration

For more information on these and other events, visit our Research Week 2024 page.
