Request for University Contribution

Funds provided by outside sponsors of research, instruction, public service, or other services must include an appropriate amount to offset indirect costs incurred by the University. If the sponsor does not have a published policy limiting indirect, then such a limitation must be approved by way of this internal form. For the full policy, refer to [UM System Policy 27025, Facilities and Administrative Cost](#). For the current applicable indirect rates, refer to the [Grant Fact Sheet](#).

For consideration by the Division of Research, Innovation, and Impact, provide the following:

1. Full Rate: _____
 2. Requested Rate*: _____
 3. Requested total University investment* (forgone indirect cost recovery): \$ _____
 4. Required Attachments:
 - Budget
 - Scope of Work
 - Justification. Address: (1) the grounds on which the waiver might be justified to other faculty whose projects recover full indirect rate; (2) the likelihood that an award would be seriously jeopardized without a waiver and the potential effect of the loss on the faculty member's overall research program; (3) the benefit of the waiver to new or junior faculty or in support of research efforts in new directions not otherwise sufficiently developed to attract other support; and/or (4) the effect of this waiver to increase direct costs available for student support.
- *Rate in #2 above will be applied to total direct costs if this RUC is approved. Amount in #3 above is considered an estimate of forgone Indirect cost recovery based upon attached budget - actual forgone recovery may be different depending upon final approved award.*
